Can you find 16 books of the Bible here? It's really hard

I once made a remark about the hidden books of the Bible. A certain luke, kept people looking so hard for facts, and for others, it was a revelation. Some were in a jam, especially since the names of the books were not capitalized. But the truth finally struck home to numbers of our readers. To others it was a job. We want it to be a most fascinating little moment for you. Yes, there will be some really easy ones to spot. Others may require judges to help find them. I will quickly admit it usually takes the preacher to find one of them, and there will be loud lamentations when it is found. A little lady says she brews a cup of tea so she can concentrate better. See how you will compete. Relax now, for there really are sixteen books of the Bible in this paragraph.
